

# COMPANY PROFILE

As a leading multi-modal project development specialist, Portfutures Africa is dedicated to transforming South Africa's public assets into engines of economic growth. By partnering with the government, we leverage private sector expertise and investment to enhance existing infrastructure, ensuring it remains in public ownership.

---

# WELCOME TO THE PORTFUTURES GROUP

We are a leading South African company specialising in infrastructure regeneration, port development, and hub development.

With our headquarters in Cape Town, we have established ourselves as multi-modal project development experts, focusing on revitalising and optimising critical transport and logistics infrastructure across the African continent.

Our primary mission is to collaborate with state and public sector entities to regenerate and enhance public assets, particularly in the realm of ports and transport hubs. We bring a wealth of experience and expertise to these partnerships, offering innovative solutions that drive economic growth and improve connectivity.

# ABOUT US

## Who We Are

We are a team of dedicated professionals with extensive experience in transforming state-owned assets and developing bankable intermodal policy frameworks. Our expertise lies in collaborating with the public sector to breathe new life into existing infrastructure and create innovative solutions for port development. With a keen understanding of both local and international markets, we bridge the gap between public needs and private sector capabilities.

## Our Focus and Capabilities

At Portfutures Africa, we specialise in:

- Infrastructure regeneration, with a particular emphasis on port development
- Crafting bankable intermodal policy frameworks
- Facilitating public-private partnerships
- Providing funding solutions for large-scale projects
- Optimising state-owned assets for maximum efficiency and economic benefit

## Collaboration with the Public Sector

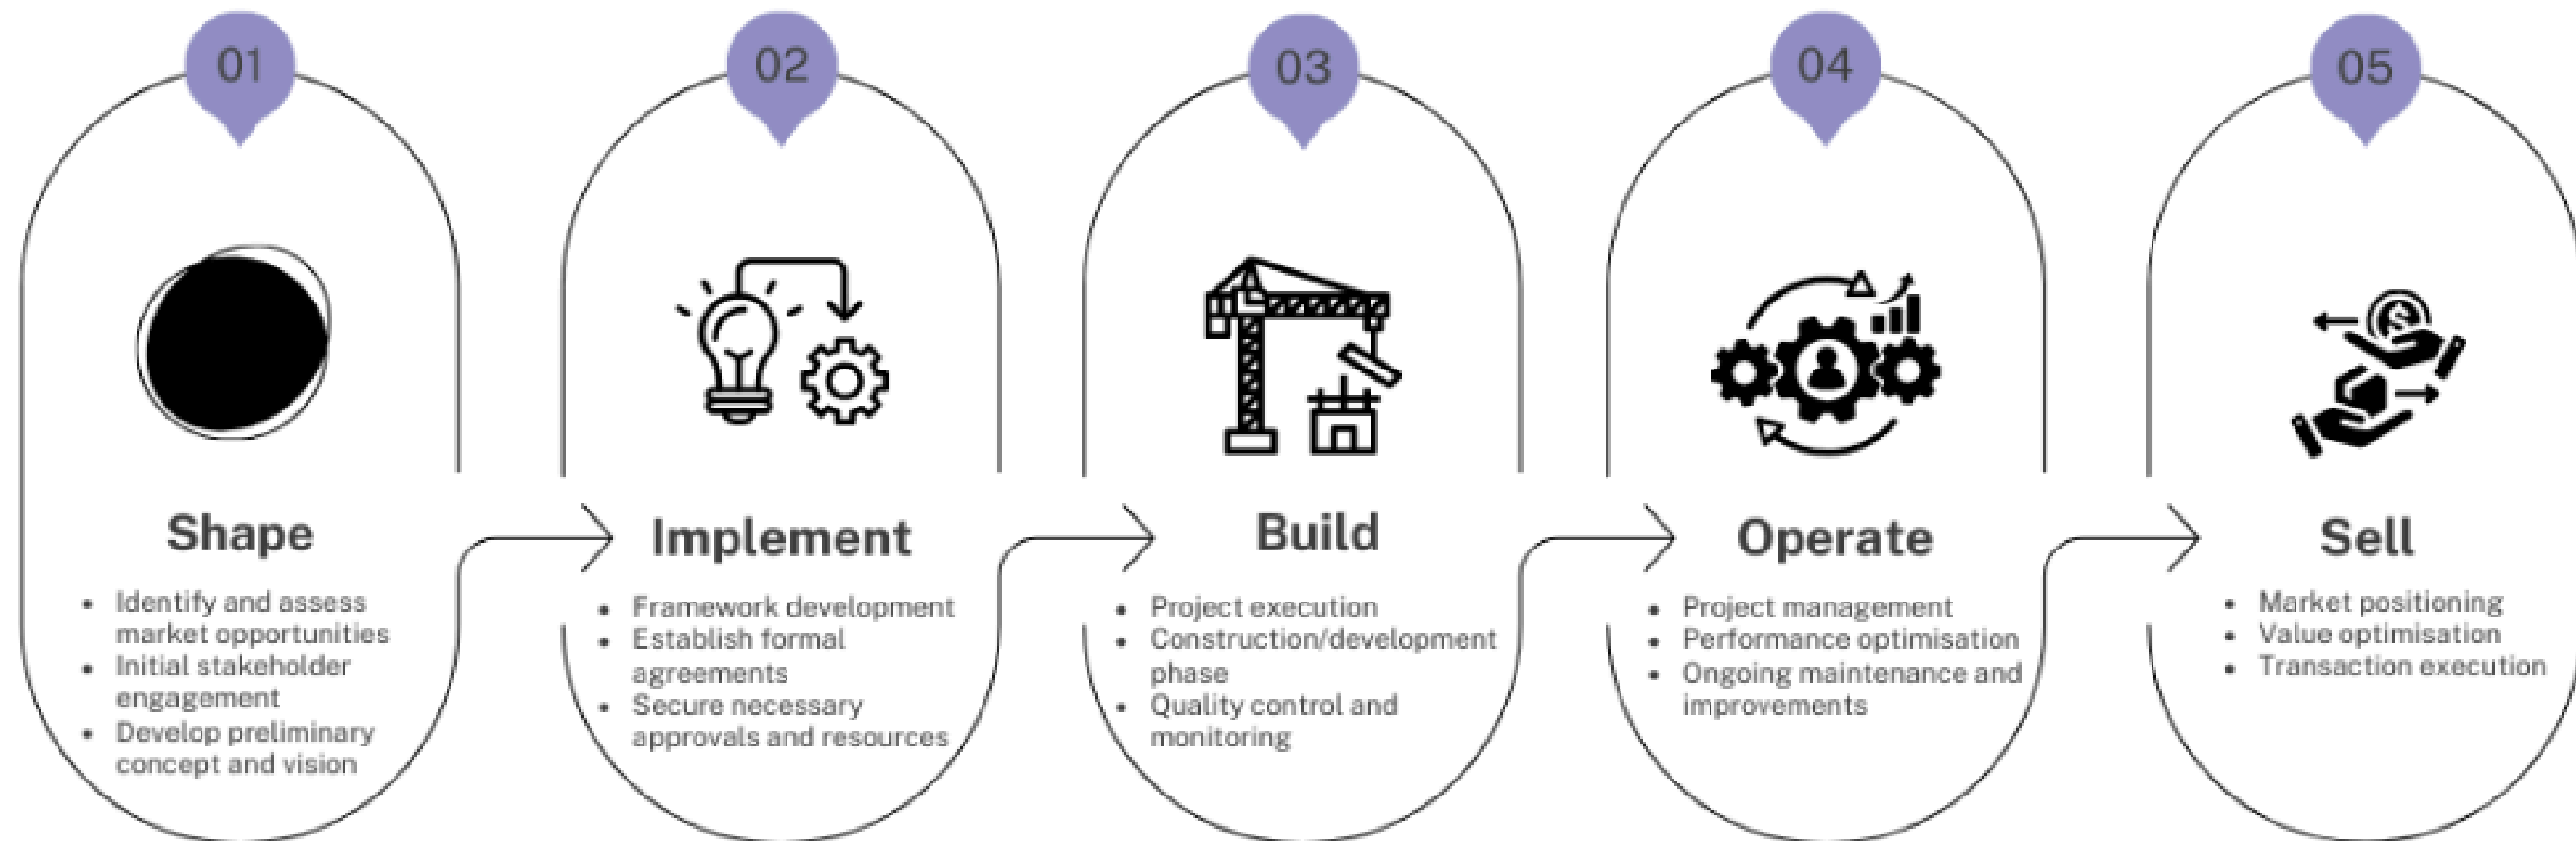

Our deep-rooted experience and multifaceted expertise position us as ideal partners for public sector entities. We understand the unique challenges faced by government bodies and have a proven track record of delivering solutions that align with both public interests and economic viability.

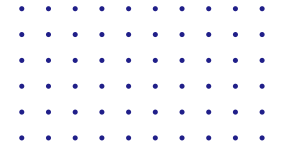

# SERVICES

Portfutures Africa is a multi-modal project development specialist company, aspiring to be a leading player in the logistics sector while making substantial contributions to education and community development initiatives.

Primary services include:

- Delivery of business plans for rail port regeneration
- Complete marketing strategies for regional logistics hubs
- Execution of infrastructure projects aimed at increasing capacity, promoting regeneration, achieving decarbonisation and enhancing security
- Providing expertise in the analysis of port and railway systems
- Management of inland container terminals and ports

# RECENT PROJECTS

We are committed to driving positive change in Africa's infrastructure landscape. By partnering with public sector entities and leveraging our expertise in infrastructure regeneration, port development, and hub creation, we aim to unlock the full potential of the continent's transportation networks and contribute to sustainable economic growth.

## Durban Port Expansion:

Led the development of new container terminals and improved intermodal connections.

## Cape Town Green Transport Hub:

Designed and implemented a sustainable, multi-use transport centre.

## Mozambique Corridor Enhancement:

Collaborated on upgrading rail and port facilities to boost regional trade.

## East African Port Modernisation:

Provided expertise for the rehabilitation of key port infrastructure in Kenya and Tanzania.
